Welcome to your own personalised, Green Oasis Experience

Beautiful, light-filled spaces with lower energy costs and perfect year-round comfort.

Expertise in Passivhaus, Low Energy and Retrofit Solutions

The Green Oasis Experience

Your home should be your oasis:

If it's not, we are here to bring our expertise and commitment to your health & wellbeing to either make where you are better or build a new one. This gives you and our planet a better future.

*"We shape your homes
and then they shape you"*

With our expertise in Passivhaus and Low Energy methods, we lead the way in eco-conscious building practices.

WELCOME TO YOUR JOURNEY

THE GREEN OASIS EXPERIENCE

DESIGNED FOR COMFORT, BUILT FOR WELLBEING, MADE TO LAST

By selecting G2 Construction & Consultancy as your partner, you not only enjoy immediate benefits such as reduced utility costs and optimised living spaces but also contribute to a future of sustainability and enhanced property value.

Our focus on innovation, quality, and sustainability promises long-lasting positive impacts on your lives and your environment.

Client Roadmap to success

01

Preparation

We start by truly understanding your position – not just what you want, but why you want it.

02

Planning

Once we understand your vision, we plan everything to the smallest detail. Nothing is left to chance.

03

Production

This is where your project comes to life, with updates via Monday.com, regular phone calls, and real-time problem solving.

04

Peace of Mind

When we hand over the keys, you can be confident that every detail has been perfected just for you, giving you 'Peace of Mind'.

Client Testimonial

“When I met with Carl, I was confident he understood my drive.

What was really remarkable was that he wanted to know everything I wanted, and it gave me hope that they would deliver.

Both Carl and Aaron really understood everything and bought into my vision”.

Our Founder's Journey

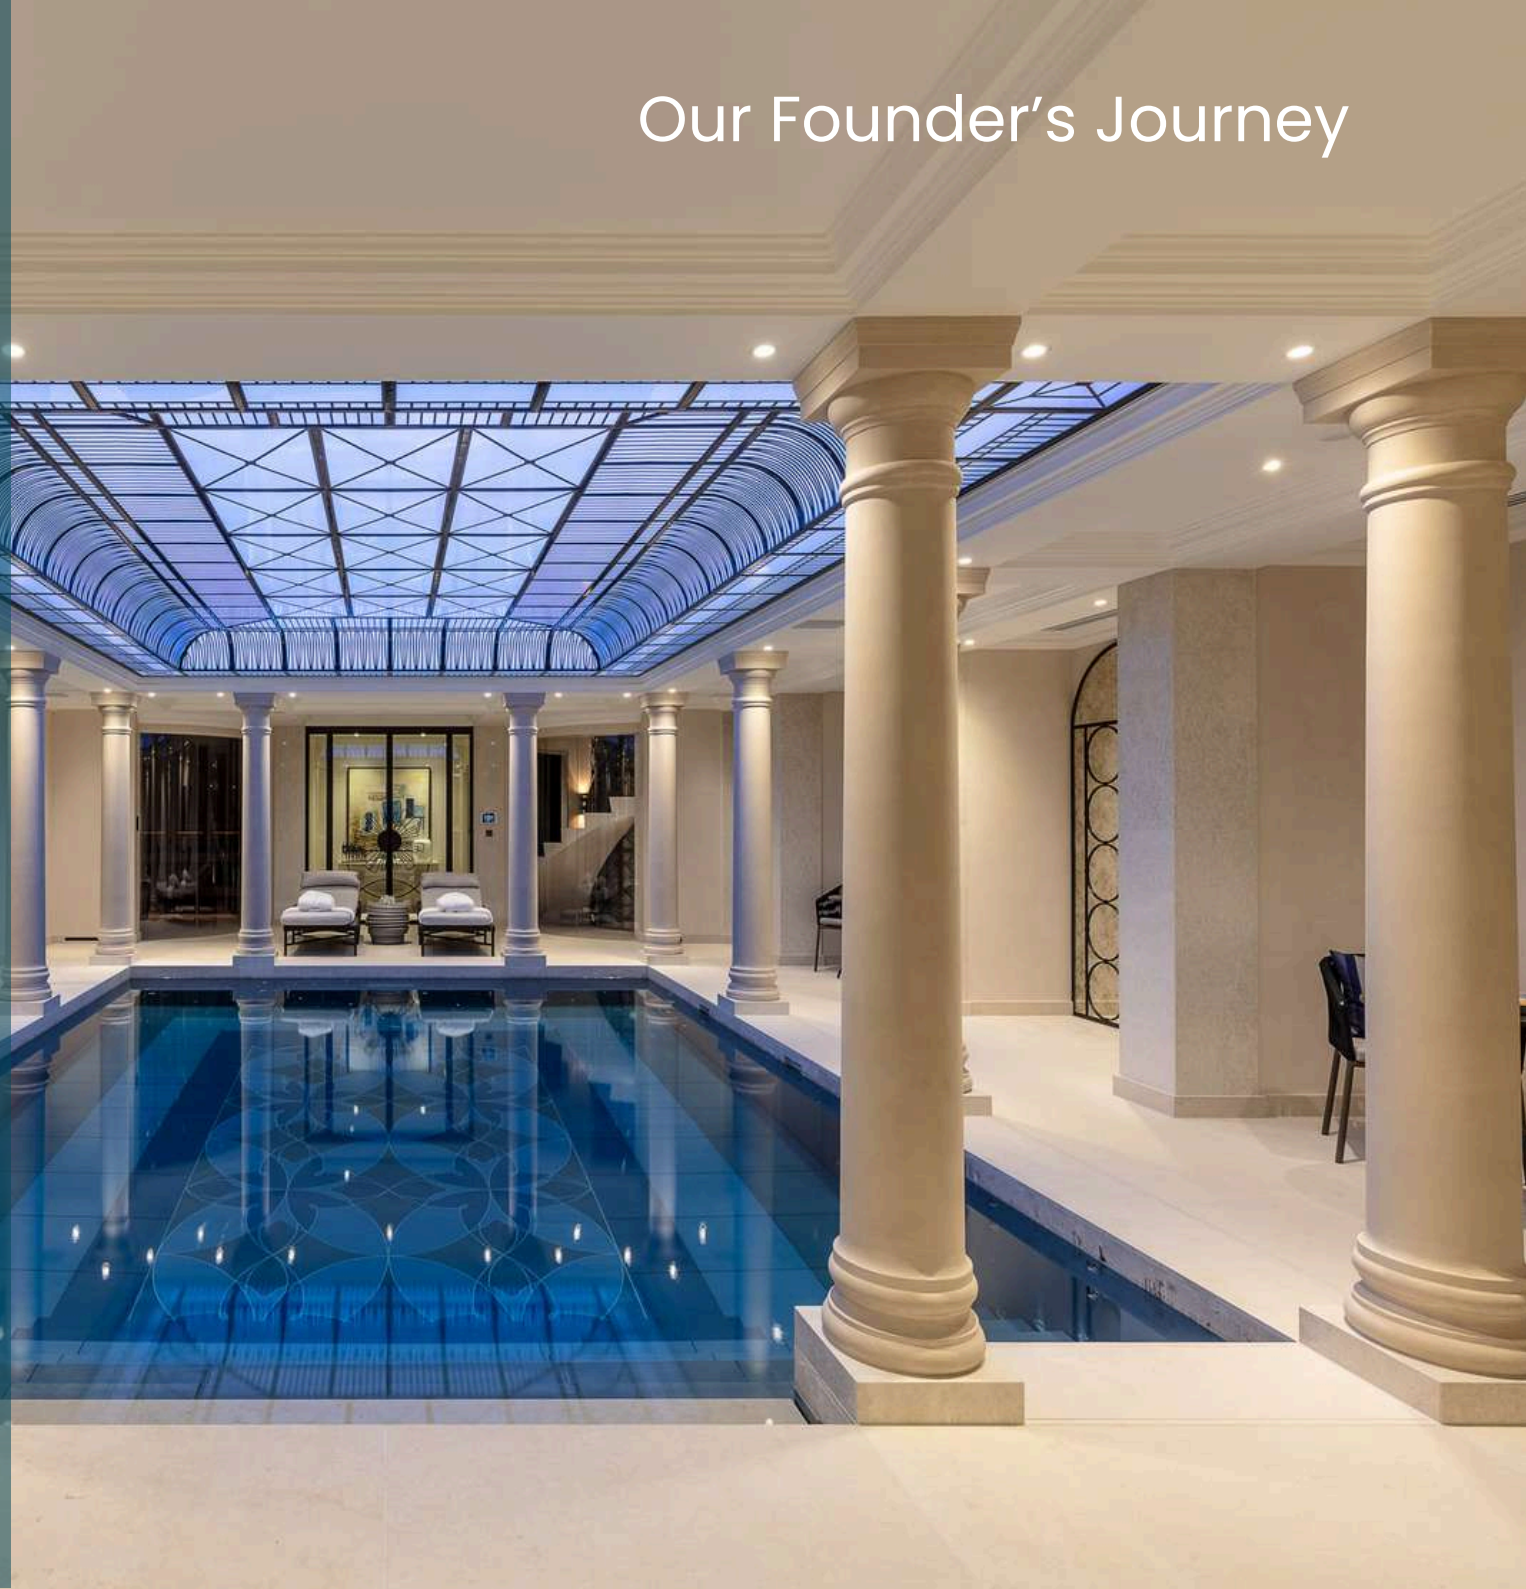

Carl Goodhew

"Growing up in drafty, cold houses with persistent damp issues, I experienced firsthand how a home's condition directly affects wellbeing.

Those early experiences sparked something in me—a determination to create living spaces that nurture rather than drain their inhabitants.

My journey began in 2005, where I honed my craft working on high-end renovations across stately homes and prestigious properties in London, including projects for notable clients from the entertainment industry".

What We Do?

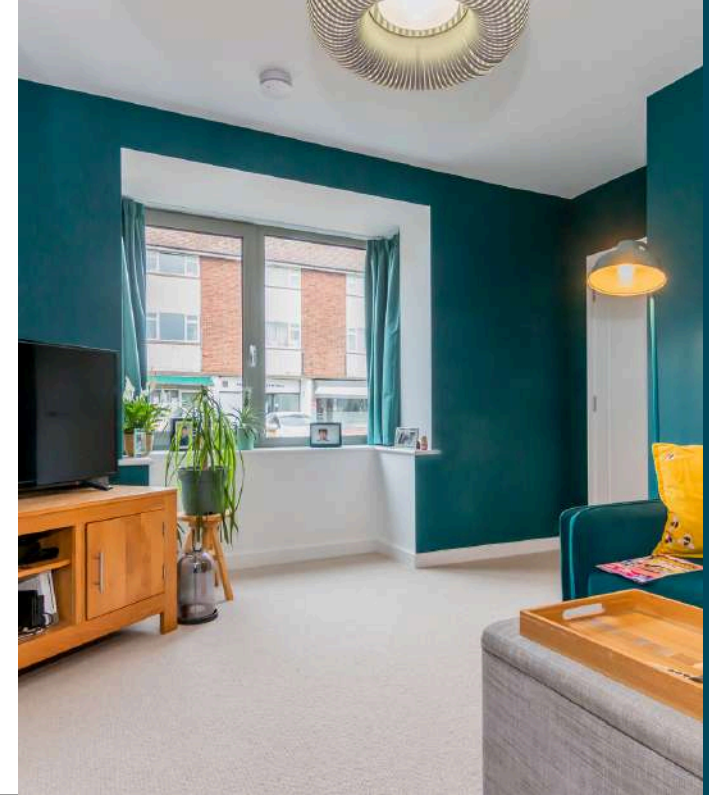

- 01 Passivhaus and Low Energy New Builds
- 02 Enerphit and Retrofit Solutions
- 03 Design and Build
- 04 Renovations & Extensions

Our Mission

From humble beginnings in uncomfortable homes, we are here to transform your lives and heal our planet, one sustainable home at a time.

Picture a world where our communities are thriving, our people empowered to reach new heights, your lives transformed, and your planet forever changed.

This is the vision driving us at G2 Construction and Consultancy Ltd.

Why Choose Us?

By selecting G2 Construction, you not only enjoy immediate benefits such as reduced utility costs and optimised living spaces but also contribute to a future of sustainability and enhanced property value.

Our focus on innovation, quality, and sustainability promises long-lasting positive impacts on your lives and the environment.
